

2014 Fascination

With the 2014 FASCINATION we blended Zin, Cab, Syrah and Merlot to express a truly sophisticated flavor profile that will leave you with the question of "Where have you been..." Through the art of winemaking as expressed with this blend, we are able to offer you a glass of wine that challenges you to greater taste sensations.

This wine displays the fullness that these varietals are capable of reaching. The fruit shows berry and brown spice with a smooth tannin profile.

A perfume note of rose, raspberry and cherry are the first thing you will notice when you first pour a glass of Fascination. This quickly develops into a strong mid palate of mature fruit notes, cassis and bramble fruit followed with a hint of black pepper and brown spice. The finish on this wine lingers with notes of toasted chocolate and coffee with an hint of earth. A fascinating combination of flavors – not your ordinary red wine, this full bodied delight is meant to express the darker notes of these red varietals.
