

2015 Springtime

We bring together 4 white wine varietals to make our Springtime blend. This wine announces that Texas is the place to be in the Spring with its floral and citrus notes. The grapes that go into this blend are Chardonnay, Viognier, Sauvignon Blanc and Chenin Blanc. Some of our best wines are used to comprise this blend. A portion of this wine was barrel fermented and the other was tank fermented then finished in wood. We approach white wine making with patience taking as long as forty days to cold ferment in tank to keep the vibrant floral character of these wines. The barrel ferment adds a depth of body to the wine that helps elevate it to a perfect food wine.

VARIETAL COMPOSITION

Chardonnay, Viognier, Sauvignon Blanc, and Chenin Blanc
